# CHILDREN'S BEDROOMS & PLAYROOMS

When your little bundle has grown into a teen and has gathered even more clothes, shoes, toys, books, CDs, DVDs, accessories, handbags & game consoles than you ever thought possible...don't despair! Our professional designers will maximise even the smallest storage area to ensure that there's a place for everything. We have many different fun, but functional ideas.

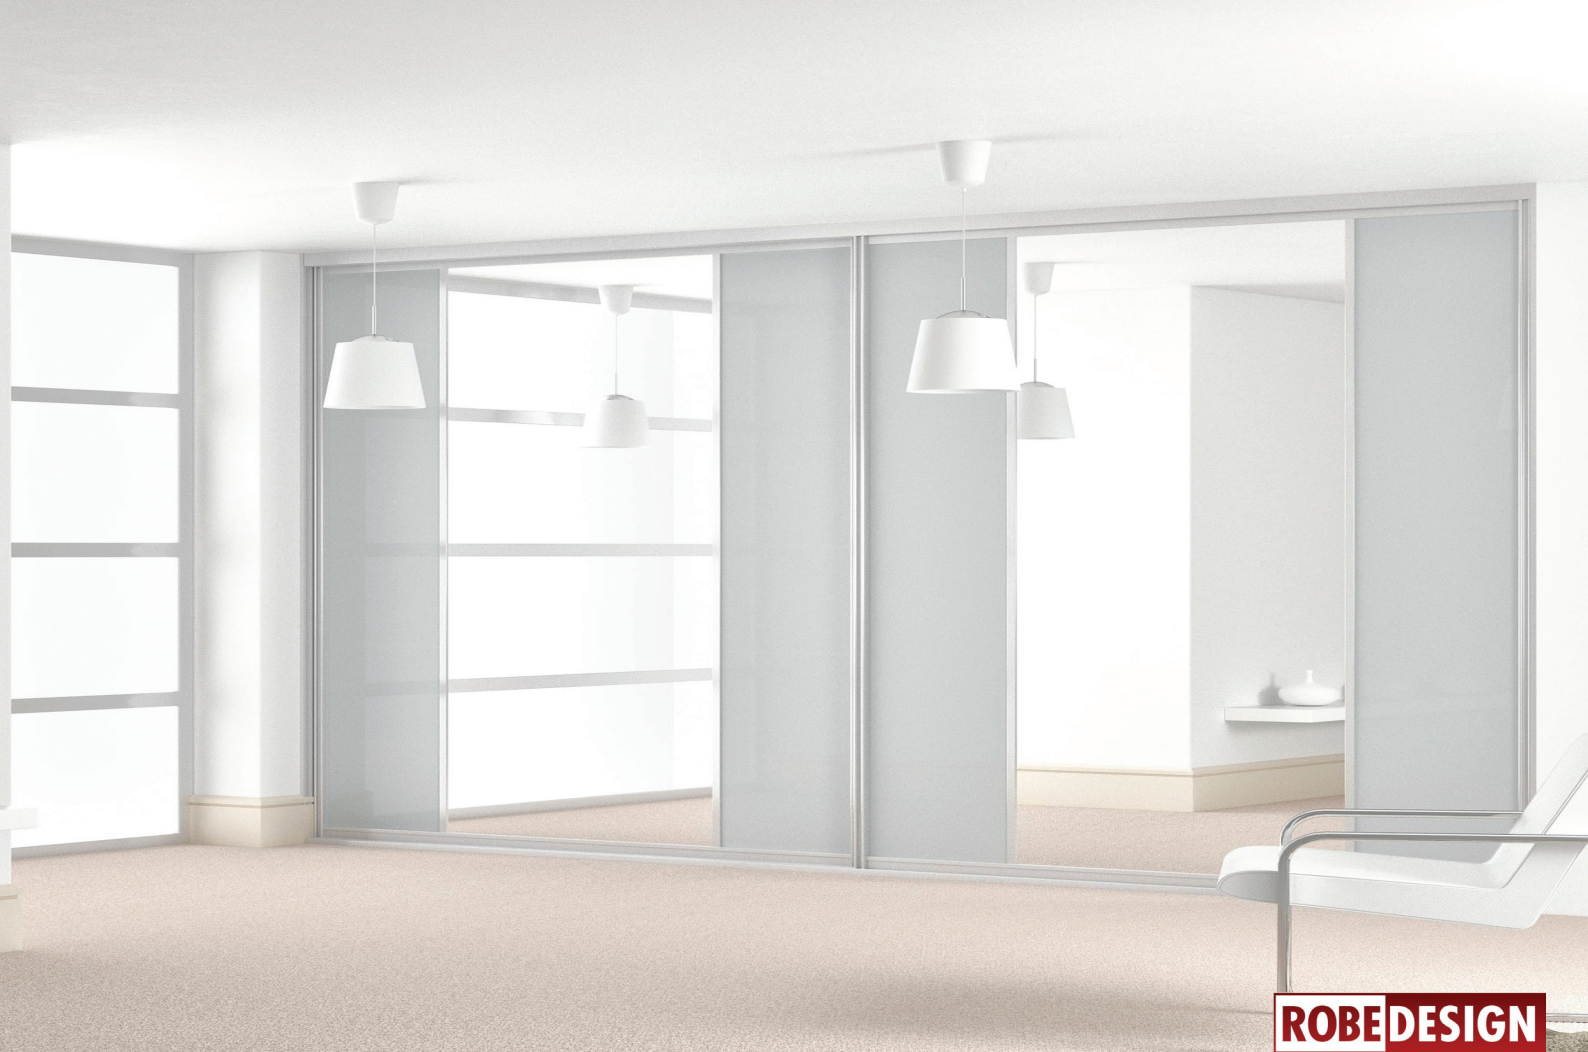

We are often asked.. are sliding mirror doors safe with children in the house? All of our sliding mirror doors have a shatter-resistant construction where a reinforcement sheet is bonded to the mirror preventing chipping and increasing their strength. You can be confident that your children and family are safe.

Contact us with your measurements, tell us what you are looking for in terms of doors & layout, we can provide price estimates.  
If you're happy with this, we can arrange a home visit and provide a full quotation.

# WALK IN WARDROBES TRANSFORM A SPARE ROOM

When it comes to cleverly organising all your clothing, we have a broad range of innovative storage solutions to store everything from and bags to socks. Our Designer will help you choose the walk-in wardrobe that will work best for you using corner rails, pull-down rails, adjustable shelves, shoe shelves and custom drawers.
